SAN JOSE. SAN JOSE.
BERFORD & CO'S LINE
OF EXPRESS MAIL STAGES,
HALL & CRANDALL, PROPRIETORS,

ARE now running every morning to San Jose, leaving Breford & Co's office, in the Plaza, at 8 o'clock, A. M. and the City Hotel, in San Jose, at 7 o'clock, A. M.

The reduced rate of fare puts it in the power of every one to visit the beautiful and healthful valley of Santa Clara. There is no more charming drive in California than that from San Francisco to San Jose, and as one is whirled rapidly through the oak openings and across the level plains under the skilful driving of Professors Dillon or Crandal, who drive their own coaches, he finds that pleasure is united with business, and wonders he has never made the trip before.

The great advantage this line possesses over all others, is that the Stages were bought expressly for the road, and with a particular attention to SAFETY, while the drivers, who have served a long apprenticeship from New England to Mexico, make the QUICKEST time and NEVER MEET WITH ACCIDENTS, which are so likely to occur with the old fashioned stage coaches. We invite our friends to give the line a trial. n7tf BERFORD & CO.

SAN FRANCISCO. SAN JOSE.
NEW ARRANGEMENTS.

THE PROPRIETORS of the U.S. MAIL Line of Stages have discontinued running their line *through* by land between San Francisco to San Jose, and are now running a DAILY Line to and from the Embarcadero, in connection with the steamers WM. ROBINSON and NEW STAR.

All their old friends and the traveling public will find this a much cheaper and more pleasant route than by land, at this season of the year.

The Future Course of This Paper.

The public are already advised of the change in the proprietorship of this journal. It becomes the duty of those under whose control it has passed, to state what may be expected of it for the future. Originally neutral in politics, the *Pacific News* became, under other auspices, a political paper, and has for some time been generally regarded as the organ of the Democratic party. Educated in a different school, those who now control its columns cannot, in justice to their own feelings, nor yet in justice to their political brethren, suffer it to be any longer an exponent of principles which they believe to be opposed to the best interests of their country. Henceforth, then, the *News*, without assuming or desiring to be an "organ," in the sense which that term implies, will be conducted as a *Whig journal.* This announcement is sufficient, perhaps, for the public to understand the position of its present proprietors. The occasion is deemed, nevertheless, appropriate to speak somewhat more particularly of the policy of that great and powerful party with which they are proud to be associated.

The Whigs, whatever their opponents may allege to the contrary, or however violently their principles may be assailed, are in this country the only party of progress and improvement. They do not encourage, it is true, that spirit of improvement which, under the cloak of reform, seeks to destroy old established laws and usages, whether useful or not, merely because they are old; nor do they incline to that system of progress which demagogues and charlatans preach, as the readiest means of enjoying honors without fitness, and of reaping rewards without merit. They regard progress and improvement in another and quite a different aspect. With them nothing is improvement unless it ameliorates the condition of man, and adds to the general prosperity of the country; and by progress they understand whatever is conservative and beneficial. They inculcate, therefore, the necessity of obedience to law, and the maintenance of the public peace and tranquility, and hold no man excusable who violates one or disturbs the other. And while they strive to build up and preserve whatever tends to elevate the masses, to keep open the fountains of knowledge and the ways of usefulness and honor to all, they have not aimed to incite one class of people against another, nor yet, for the sake of political success even, justified those agrarian sentiments which, first under one guise and then another, so frequently and sometimes fearfully shake the foundations of society. No man pretends, that the Democratic party is not composed of much good material, or that it does not number among its supporters those who are honest, intelligent and virtuous—citizens who do honor to the country, and whose sole ambition is to promote the general welfare. To oppose such men, therefore, is not because of any suspicion against their integrity or their patriotism; but because the principles they profess, and the measures which have grown out of those principles, are not wise and beneficent. They are, and may be, very good men, but they have very bad principles,—principles which, in our judgment, none should countenance or espouse because of their pernicious tendency and destructive results.

The *News* of course will give a cordial support to the men and measures of the National Administration, believing with the country generally, that its distinguished head, and those he has drawn around him as his counsellors, are alike "honest, capable and faithful." The policy of that Administration was plainly stated in the message of President FILLMORE to Congress, and to the doctrines of that message the Whigs of the Union are pledged, and they will at all times maintain them. They are conservative and catholic, resting upon the clearest understanding of the Constitution, and based upon the highest appreciation of what is due from the Government to the People. We need no other platform of our political faith, and maugre all the clamor of reckless partizans about ruinous schemes of internal improvement and high protective tariffs, we shall be ready and willing, when the time for discussing these and kindred questions shall arrive, to defend it against all comers. Then it will not be difficult, we venture to predict, to convince all sincere inquirers after truth, that it is the duty of the Government to improve our harbors and rivers, and facilitate the means of communication between the Atlantic and Pacific coasts, and to protect American labor and industry in preference to Foreign labor and industry; nor that the accomplishment of such results are advantageous in a high degree to the public prosperity.

The local politics of California require but a passing notice. The State was organized, and its affairs have been directed since its admission into the Union, by Democratic rulers. How much of public benefit has been secured, or how wisely the government has been administered, under their auspices, a bankrupt treasury, a worthless public credit, enormous public salaries, a horde of useless office-holders, and a tax-burthened people, bear unmistakeable testimony. These abuses, which cry loudly for reform, we look to the Whig party to correct; their opponents never will correct them. Indeed, the Democracy as a party are so beset with men whose profession is politics, and whose hopes for a livelihood depend upon the spoils of office, that even if honestly inclined to cast off the blood-suckers who now batten upon the substance of the people, they could not remove these causes of discontent. The work must of necessity devolve upon the Whig party; and if the people will sustain them, as doubtless they will, they may look forward with entire confidence to a speedy revolution in the present order of things; to the abolishment of useless offices and high salaries; to a reduction of taxes in every department of our local government, and to the restoration of the credit and character of the State.

To satisfy the public expectation in these respects, and to secure and hold the confidence of the people, the Whigs have a plain duty to perform. They must break down everything like *cliquism* in the party, and rally around men of undoubted fitness and integrity for office. With such men they can succeed; with men of lesser grade they will neither succeed, nor deserve to succeed. We have no fears that they will fail to discharge any of the obligations they have assumed, nor that the public interest will suffer in their keeping. The *News* is, therefore, enlisted in their behalf, and whatever tide may beset their fortunes, be it prosperous or adverse, no man shall ever reproach it with want of fidelity to its friends or with truckling to its foes.

Indignation Meeting on the Plaza.

Pursuant to a notice published Saturday evening, a crowd of perhaps a thousand persons assembled on the plaza yesterday morning, at 10 o'clock, for the purpose of expressing their opinion in relation to the conduct of Hon. LEVI PARSONS, Judge of the District Court, in subjecting WILLIAM WALKER, one of the editors of the *Herald*, to fine and imprisonment for an alleged contempt of court.

The meeting was organized by the appointment of SAMUEL BRANNAN, Esq., as President; H. P. GLEASON, W. T. COLEMAN, W. H. PARKER, J. C. BELL, Capt. FOLSOM, G. P. POST, Mr. MACONDRAY, and Mr. TOWNSEND, as Vice Presidents; and EDWARD DUNBAR, as Secretary.

A committee of five were appointed to draft resolutions expressive of the sense of the meeting, consisting of the following gentlemen—Eugene Casserly, Wm. A. Robinson, H. A. Barling, William Arrington, and John R Robinson.

During the absence of the committee, the meeting was addressed by W. T. COLEMAN, Esq., who stated that a gross outrage had been committed on the people. Their rights had been infringed and their liberties trampled upon. Now that the feelings of the populace were aroused, he considered it a proper time to dispose of the Stewart and Windred affair in connection with this. Stewart had been identified as a murderer, and unless the people took the matter in their own hands, the guilty would escape, as Stewart had plenty of money, and money created a powerful sympathy in some bosoms. (Cries of certainly; Parsons is a rogue.) The speaker then retired, amid long and protracted cheering from the audience.

The next speaker who took the stand was EDMUND RANDOLPH, Esq., who stated that he was the friend and counsel of Mr. Walker, and would represent him before the meeting. A great outrage had been committed on the people. The Judge had acted in the capacity of prosecutor, witness and Judge, and had immured a citizen without cause in the walls of a dungeon. He was opposed to considering any other subject but this, and thought the best mode of obtaining redress was to represent the facts to our Legislature and cause the Judge to be impeached. A considerable feeling was manifested to release Mr. Walker by force, but Mr. Walker, as a gentleman, even were he released, would again return to the custody of the Sheriff. Mr. Randolph called upon the people not to resort to any violent measures, but allow the affair to undergo a due process of law. (Loud cries of there is no law; it's all a humbug.)

Loud calls were made for Samuel Brannan, who after a time remarked that he did not think it his duty to say anything, being President of the meeting, besides that there were others far more capable than he to discuss the matter. (Cries of "do give us a little touch, Brannan.")

Mr. BUSH then appeared, and stated to the crowd very distinctly and emphatically that he had not attended the meeting for the purpose of making a speech. He compared the conduct of Judge Parsons to the acts of the Autocrat of Russia, and appealed to the good sense of the community, if they would quietly submit to such high-handed assumptions of power.

Some one whose name we were unable to learn then introduced the following resolutions:

Resolved, That this meeting in its action confine itself strictly to the consideration of the matter for which it was called.

The resolution was unanimously adopted.

Immediately afterwards, loud cries were made for Bush, Nugent, Collins, Bookstaver, Jemmy Byrne, and others, none of whom appeared, when some wag suggested that the meeting sing "Old Hundred,,' until the committee report. A call was then made for the man with a "White Hat," who finally yielded to the solicitations of the crowd and mounted the rostrum. The man with a "White Hat," proved to be no less a personage than G. KENYON FITCH, Esq., of the Sacramento *Transcript.* He remarked that he was an outsider and could not well participate in the meeting, but that as an editor he could sympathize with Mr. Walker, and was in favor of the freedom of speech, and the liberty of the press. The remarks of Mr. Fitch were very pertinent and pungent, and elicited great applause.

Mr. LEONARD then appeared and opened with a highly wrought encomium upon the intelligence of the citizens of this city. He stated that he hailed from the Old Bay State, was a farmer of limited education, an humble professor of religion and a tee-totaller. (Cries of what will you drink, Deacon?) He compared Judge Parsons to a peacock and wound up by exhorting his hearers to join the Temperance Society.

A resolution was then adopted inviting the friends of Judge Parsons to step forward and defend his acts if they justified them. No one appeared, and several suggested the idea that he probably had no friends.

The committee were then announced, who reported the following resolutions which were unanimously adopted.

1. Resolved, That while we are in favor of law and order—while we are disposed as good citizens to sustain our judiciary in the proper administration of the laws, and even to endure evils rather than to end them by violent opposition, we consider it our right and privilege to condemn unequivocally any departure on the part of the judiciary from the line of conduct traced out for them by the laws and constitution of our State.

2. Resolved, That we regard the late conduct of the Hon. Levi Parsons, Judge of the 4th Judicial District, in imprisoning Mr. William Walker, one of the editors of the San Francisco Herald, for an editorial appearing in that paper reflecting upon his Honor, as an unwarrantable exercise of power, as a violation of the laws and of the constitution, and as an alarming attack upon the liberties of the people, deserving our warmest condemnation.

3. Resolved, That his Honor Judge Parsons, by his illegal and oppressive imprisonment of the conductor of a public journal, for the expression of an opinion upon his judicial conduct, which is not only substantially just, but is shared by nine-tenths of the community, has proved himself to be incapable of filling his position on the Bench with credit to himself, benefit to the public, or advantage to justice and the judiciary: And this being the fact, this meeting of the citizens of San Francisco does most unanimously request him to resign an office for which he has shown himself so entirely unfitted.

4. Resolved, That Hon'bles Elcan Heyden feldt and D. C. Broderick, our State Senators, and Messrs. Thorne, Hoff, Wethered, Bennett, and Carr, representatives in the Assembly, be requested and are hereby instructed to prepare articles of impeachment against Judge Parsons, and have the same brought to trial without delay.

5. Resolved, That a committee of ten be appointed to present a copy of these resolutions to Judge Parsons, and that in the event of his declining to meet the will of the people by resigning, prompt measures be taken to further his impeachment under the direction of said committee.

6. Resolved, That the Public Press ought to be and by right is the guardian of the public interests, and morals, and no where more than in San Francisco; and that we expect it to continue to discharge its trust without fear or favor, or any reference to illegal orders, attachments, fines and imprisonments, for imaginary contempts against courts, which cannot be reduced much lower than they have reduced themselves.

A motion was then made to have the resolutions published in all the papers of the State and that a copy be forwarded to the Senate and the President of the United States, which was adopted by acclamation.

A resolution was then adopted appointing Captain Folsom, Owen Bush, Samuel Brannan, Ed. Dunbar, Mr. Macondray, together with those appointed to draft the resolutions, as a committee to wait upon Judge Parsons and request him to resign; and in the event of his refusing, our members in the Legislature are instructed to bring articles of impeachment against him.

The meeting then resolved itself into a committee of the whole the whole to inform Mr. WM. WALKER of their action. They assembled in front of the California Exchange, when Mr. Walker appeared in a door in the second story, and returned his thanks to the meeting for their kind and flattering expression of opinion.

The meeting after giving three cheers for William Walker, and three groans for Levi Parsons quietly dispersed.

Meeting of the Whig General Commitee.

The Whig General Committee of the city will hold a meeting on Tuesday evening, for the purpose of fixing upon a day for the Ward Meetings to be held for the appointment of Delegates to a City Convention to nominate candidates to be supported by the Whig party at the approaching municipal election.

The efforts of the present Whig General Committee to perfect the necessary organization of the party, is producing a result extremely desirable. Nothing else is requiste to secure a complete triumph throughout the city, county and state, than a thorough organization, and corresponding vigilance in other sections will most effectually secure this end.

We hope to see every Whig in attendance at the Ward Meetings when called, in order that there may be a free and full expression, and one that shall be effective.

THE VALLEJO BOND.—The bond offered by Gen. VALLEJO, for the faithful performance of the contract entered into with the State, was approved by the Assembly on Saturday. Having previously been approved by the Senate, it now only wants the signature of the Governor to be complete.

ARRIVAL OF THE ANTELOPE.—The fine steamer Antelope, Capt. ACKLEY, of Law's Line, arrived in port yesterday, from Panama. She experienced heavy weather all the way up from Acapulco, but made the run in 12 days. She leaves for Panama again on Saturday.

ROBBERY.—We learn that a small hardware store on Broadway was entered last Friday night, and robbed of articles amounting to a considerable sum. We were unable to gather the particulars. The police are on the look-out, and the offenders will be fortunate if they escape.

In the Matter of William Walker

Before the District Court of the Fourth Judicial District on a charge of contempt:

This case came on for a hearing before the court on the morning of the 8th March. The matter charged upon defendant Walker is for editing and publishing in a newspaper called the San Francisco Herald, under date of March 4th, a certain article entitled "The Press a Nuisance."

The defendant appeared before the court in person and by counsel, in answer to an alternative rule served on him by the Sheriff of the county. Defendant moved, by his counsel, for a discharge of the rule upon various grounds:

1st, That the matter was not regularly before the court, no affidavit or complaint having been filed, charging defendant with any matter constituting a contempt. Although that is the mode in which such matters are sometimes brought before the court, yet it is not imperative to follow that mode. Contempts in the presence of the court are made subjects of conviction without previous proof. All other contempts may be pursued as at common law, that is by rule to show cause, followed by attachment, or by attachment absolute in the first instance. People vs. Nevins, 1 Hill, 168. In that case, decided by Judge Cowen, the learned Judge says, "Among the requisites to acquire jurisdiction in matters of contempt is the presence of the defendant in open court, either voluntarily or by compulsion, under process of attachment, and on his appearing, the court has power to fine and to imprison until the fine be paid."

The motion to discharge the rule was overruled. The counsel for the defendant then moved for its discharge on the ground that the proceeding was against the Constitution of the State of California, and against the 13th sec., chap. 33, of the Statutes of California.

The clause of the Constitution of the State of California referred to, was Sec. 3d of Article 1st, in regard to the trial by jury. This clause is in terms almost precisely similar to the clause of the Constitution of the United States, in relation to trials for crimes. This question came up for adjudication before the United States Court, in the case of Hollingsworth vs. Duane, Wallace, 77, 106, and it was expressly held "that it did not take away the rights of Courts to punish in a summary manner for contempts." Again it is urged at bar that this proceeding was in contravention of the 9th Section of Article 1st of the Constitution of our State which declares "That every citizen may freely speak, write and publish his sentiments on all subjects, being responsible for the abuse of that right, and no law shall be passed to restrain or abridge the liberty of speech or of the press." This clause follows almost precisely in language a similar clause in the Constitution of the State of New York, and it has never been held that this forbade the Courts to punish in a summary manner for contempt. Again the Section of the Act organizing the District Court, Section 13, before refered to is insisted at bar takes away the power of the Court to punish any contempt except those enumerated in that Section. That Section does not say what shall or shall not be a contempt. The section is in derogation of the common law, and must be construed strictly.

And the principle of "Expressio unions, exclusio," applied to this statute renders it necessary for the courts to apply the punishment there mentioned to all contempts, both those enumerated in the section and those not enumerated. Again, we think that this is the construction given to the section by the Supreme Court of our State, in case of Field vs. Turner, and if that be so, the District Court is bound to obey it.

Again, it is insisted that it was impossible to commit a contempt by editing or publishing anything libeling or insulting the court, or otherwise. That the court must resort to the Grand Jury for its remedy. This would seem to be ridiculous that a court, or the Judge, the highest officer of the court, should be compelled to resort to the "Grand Jury," officers of his own court, and those officers who are compelled to take the law from him, for his remedy in a case of this kind. Again, this question has been settled, time out of mind, in the English courts and in the American courts, and the power to punish is exercised, we think, in all the States of the Union, unless a statute exists expressly taking away from the courts that power. The case of the People vs. Freer. 1, Cains. 485, The Same 1, Cains. 518, decided in New York by a Bench, than which few are abler, are cases direct in point. For one moment let us look at this matter upon general principles. Is it or not right that a court should have the power to protect itself from open insult? Our courts and the courts of all common-law countries, are peculiarly constituted. They owe their origin and their existence to the love and the respect of the people for freedom and justice, and consequently every attempt, either by libel or misrepresentation, should be checked, as tending to bring the tribunals of the land, to which every man looks for protection and justice, into disrepute, thereby impairing the force of their judgments; and when the courts lose their moral power, there is no remedy left the citizen to redress his wrongs but to take the law into his own hands.

And heaven forbid that in this American Republic, we should ever see such things. This is not a matter concerning the individual who happens to be for the present, the presiding officer of this court; but it is the dignity and the position of the District Court of the Fourth Judicial District that is assailed—a court that is established by the constitution of our State, and if the court decides a question of law wrong, it is the duty and privilege of the party injured to go to the Supreme Court, and get the matter decided correctly, and the District Court will obey. If the law is wrong, then the matter should be represented to our Legislature, our representatives, and if the Judge is corrupt, or decides contrary to what he knows to be the law, then the remedy is ample, by way of impeachment; but never should such matter be attempted to be corrected by libelling or attempting to destroy the moral force of the court.

Chancellor Kent, in the case of Freer, 1st Cains R. 518, before referred to, holds the following language: "Publications scandalizing the court, or intending unduly to influence or overawe their deliberations, are contempts, which they are authorized to punish by attachment, and indeed it is essential to their dignity of character, their utility and independence, that they should possess and exercise this authority." Again, it is urged here that this will restrict the liberty of the press. Not at all, for they can publish what they like, being held responsible for the same, and this is one of the modes in which they may be held responsible; in this manner, they are responsible to the court; by indictment they are responsible to the people, and in a private action for damages to the individual.

It is urged upon us also as a matter of policy that we should discharge this rule.

Give me leave to say, once for all, that policy never enters into our judgments.

The Constitution does not allow it. God forbid that it should. We are to say what we consider the law to be, and if we do not speak our real opinion, we prevaricate with God and our own conscience. I would not change my judgment when satisfied what the law is on the subject, to gain the favor or avoid the anathemas of thousands. In the language of Lord Mansfield, "What am I to fear the 'Mendax in famia' from the press which daily coins false facts and false motives. The lies of calumny carry no terror for me." (Mens sibi conscia recti.)

I am ready to stand or fall by my own conscience in this matter. If the whole world be wrong, and one man right, it is my duty to stand by the one man. Again, if in pronouncing this defendant guilty, I am to bring down on my head the whole artillery of libels, all that falsehood or malice can invent; or that deluded people, frenzied with madness, can swallow; nevertheless, it is my bounden duty, if I think him so to so find.

This brings us to the conclusion that we have the right, legally, to enquire into this matter, as to whether it is a contempt or not, and if we find it a contempt to punish in accordance with the statute. The motion to discharge the rule was accordingly overruled.

The defendant then had his election to answer written interrogatories, to be filed in Court, or to submit to an oral examination, and chose the latter; and, after being duly sworn, he put in his answer, under oath, admitting the editing and publishing the article in question, and that he believed the facts therein stated to be true, and the inferences drawn correct. If there was any doubt in the first instance, this indelicate and impudent answer puts the matter beyond question as to the intent, and on examination of the article in question, it appearing that it was a gross libel on the Court, and contained charges against the Court which, if true, ought to render the Court liable to impeachment; and also, that it contained direct threats to intimidate the Court in the discharge of its duty and to interrupt the course of justice. The Court, therefore, adjudged the defendant guilty of the contempt, and fixed his punishment at a fine of five hundred dollars, and that he stand imprisoned until the same be paid.

"FAIR PLAY."

AN ARTICLE with the above caption appeared in the "Balance," on Saturday, and the writer says, an accidentally successful attempt of a "certain" Express to put our Sacramento friends in possession of the Atlantic news ahead of "every other line" I ask the Balanse to mention a solitary previous instance of the kind?

The public patronage which has been lavished on "Gregory's Express," ever since the undersigned arrived in Sacramento city—5th October, 1849—near eighteen months ago, with the news, exclusively, and has since lived and grown, while two companies, having "exclusive privileges," and "connecting with the well known firm," have RETIRED FROM BUSINESS—the first of which was Angle, Young & Co., who were also the first to have "the exclusive privilege" on the so-called Peoples' Line. Besides, our success was not an accidental, but an ordinary affair; and only for the Tug boat fuss, the undersigned assures "OBSERVER," he would not have mentioned it.

MAGNIFICENT WORK OF ART.

THE WAR BETWEEN THE UNITED STATES AND MEXICO, ILLUSTRATED!

Embracing Pictorial Drawings of all the principal conflicts by CARL NEBEL, author of "A Picturesque and Archæological Voyage in Mexico," with a description of each Battle, by GEO. WILKINS KENDALL, author of "The Texan Santa Fe Expedition," etc., published by Appleton & Co., New York.

Most of the 12 illustrations of this work were drawn on the spot by the Artist, and are strictly true to nature in the Ground, Landscape, Buildings, Coloring, and Costume. The best Lithographers, Colorists, and Printers were employed in its execution. The battles of no country have been illustrated in a richer, more faithful, or more costly style of lithography. This magnificent work of art, one of the finest known to modern times—will add richness to the most ornate drawing room, the library of gentlemen of taste, or the archives of public bodies and institutions.

CALIFORNIA EXCHANGE.

AT THE URGENT SOLICITATION of many of the merchants of this city, the undersigned has concluded to establish a "MERCHANTS' EXCHANGE," in this well known building at the corner of Clay and Kearney streets, fronting on the Plaza. His object is to make it similar in character to that of the city of New York, establishing regular 'change hours. An extensive reading room with all the latest Commercial and Marine News, Foreign and Domestic, to be under the charge of capable, faithful, and attentive clerks, so as to afford visitors at all hours, all the latest news of that character. On stated evenings of the week, as may be agreed upon by merchants who may favor the enterprise, meetings will be held for the regulation of the association, and such other purposes as may be advisable. The proprietor therefore earnestly calls the attention of the business men of the city to this enterprise, and hopes that it may meet their approbation.

The size of this magnificent building, its central and business location and capacity, render it a most desirable place to hold political and other public meetings, for which purpose it can be had when not otherwise engaged. It is becoming the usual place of sales of real estate, and the attention of auctioneers and others is directed to this fact. The proprietor pledges himself to spare no pains or expense to make the establishment one every way worthy of the city, and suited to its wants.

STATE LAWS.

AN ACT to Establish Pilots, and Pilot regulations for the Port of San Francisco.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

§1. It shall be the duty of the Governor to appoint two resident Merchants, and two experienced and resident Ship Masters, who, together with the Harbor Master of the Port, shall constitute a Board of Pilot Commissioners for the Port of San Francisco.

§2. The persons thus appointed shall take an oath for the faithful discharge of their duties, and shall hold their office for the term of one year, and until their successors are appointed and qualified.

§3. The Commissioners shall keep an office at San Francisco, and shall meet therein on the first Monday of each month. A majority shall constitute a quorum for the transaction of business.

§4. They shall appoint a Secretary, who shall hold his office for one year. He shall give bond, with security, to be approved by the Commissioners, payable to the State of California, in the sum of ten thousand dollars; conditioned for the faithful discharge of his duty, which bond shall be filed in the office of the County Clerk, and be for the use of the party aggrieved.

§5. The Commissioners shall make By-Laws and Rules for their own government, not inconsistent with the provisions of the laws of this State or the United States.

§6. The Commissioners shall have power to purchase an iron safe for the keeping of money, papers, books, or other things of value belonging to their office.

§7. It shall be the duty of the Secretary to keep correct minutes of all the proceedings of the Commissioners, in books provided for that purpose. To receive all money, and pay out the same when ordered so to do by the Board, and shall register the names of all Pilots, with the date of their licenses. These registers and books shall always be open to public inspection.

§8. He shall keep a monthly record of the arrival and departure of the pilot boats, names and residences of all pilots, and to perform such other duties as the Board may direct.

§9. The Secretary shall receive for his compensation, such sum as the Commissioners may deem just.

§10. Neither the Commissioners or the Secretary shall have any interest, directly or otherwise, in any pilot boat, or the earnings thereof.

§11. The Commissioners shall have power to appoint, in the manner prescribed in this Act, such number of pilots for said port as they may deem necessary.

§12. Persons applying for licenses to act as pilots for the port of San Francisco, shall be American citizens, and not under the age of twenty-one years, and in presence of one or more licensed pilots shall be rigidly examined by the Commissioners, touching their qualifications, concerning their knowledge of the management of square-rigged vessels, of the tides, soundings, bearings and distances of the different shoals, rocks, bars, and points of land, and night lights of the Harbor and Bay; and if deemed to be qualified, shall receive a license as a pilot, which shall expire at the end of twelve months.

§13. Every licensed pilot, previous to entering on his duties, shall give bond to the amount of five thousand dollars, payable to the State of California, for the faithful discharge of his duty, which bond and security shall be approved of by the Commissioners, and shall be filed in their office.

§14. The Commissioners shall have full power to suspend pilots, or revoke their licenses, on proof of incapacity or misconduct.

§15. As soon as a sufficient number of pilots are associated to keep a boat, such boat shall be numbered by the Commissioners, in the order of application, and her name and number duly recorded by the Secretary, and such number shall be distinctly painted in black letters, to be at least two feet long, on above the balance reef of the foresail of such boat; the pilots shall then select one from their number, whose duty it shall be to make reports to the Commissioners.

§16. On the first Monday of every month, the person so elected shall pay over to the Secretary the amount of per centage assessed by the Commissioners for the purpose defined in this Act, and report the names of the vessels, and the amount received from each, verified by his signature.

§17. Every pilot, on boarding a vessel, when required by the master thereof, shall exhibit his license to such master, and on refusal so to do, shall be liable to a penalty of fifty dollars.

§18. Any pilot absenting himself from his duty for more than two months, except on leave granted by the Commissioners, or by sickness, shall be considered as having forfeited his license.

§19. In case a pilot does not apply at the end of the time for which his license was granted, for a renewal of the same, he shall be considered as suspended.

§20. If any licensed pilot shall become intoxicated whilst having charge of any vessel as pilot, he shall be suspended or dismissed, as the Commissioners may elect.

§21. Not more than six pilots shall be in copartnership, or interested at any one time in the business of piloting, and for any infringement of this section, shall be subject to such penalty as may be determined by the Commissioners.

§22. The Commissioners may require pilots to renew their bonds and securities whenever it is deemed necessary and they may take away the license of any pilot for wilful infringement or violation of their duty, or negligently losing any vessel, or for mental derangement, or habitual drunkenness: *Provided*, due notice in writing be given to such pilot, and an opportunity be afforded him of being heard in his own defense.

§23. For carelessly or negligently losing a vessel, on conviction thereof, the pilot having charge of said vessel at the time, shall be incapable ever after of acting as pilot, and shall moreover be liable for damages on his bond. If a vessel be run ashore by a pilot, no pilotage shall be charged, and if negligently done, the pilot shall be liable for all damages.

§24. It shall be the duty of every pilot in charge of a vessel arriving in the harbor, to have the vessel safely moored, in such position as the master of the vessel, or Harbor Master of the port may direct.

§25. When complaint is lodged with the Commissioners against a pilot, for misbehavior or neglect of duty, it shall be reduced to writing and sworn to. Notice thereof must be then given to the pilot, and he shall be notified to appear within fifteen days to answer the complaint. If the answer be not satisfactory, he may be fined not exceeding five hundred dollars, or deprived of his license, at the discretion of the Commissioners. An appeal may be made by the pilot within fifteen days from the decision of the Commissioners, to the County Court of the County of San Francisco.

§26. Each and every pilot boat shall keep on board a journal, noting in detail all incidents of weather, and all discoveries which may be made of rocks, shoals or bars, in the Bay of San Francisco and vicinity, such as may be considered dangerous to navigation. False entries therein shall subject the parties offending to fine or loss of license, or both, at the discretion of the Commissioners. And the said journals shall be open to the inspection of the Commissioners.

§27. No persons, except those licensed by the Commissioners, shall pilot vessels in or out of the harbor or bay of San Francisco, for hire, under penalty of five hundred dollars for each and every offence. This penalty is not incurred when the master of a vessel acts as his own pilot, or in case of distress.

§28. Applications for pilots for vessels outward bound, shall be made at the office of the Commissioners; the secretary shall then direct a pilot to such duty, giving preference to the pilot who brought the vessel in; and a pilot refusing or neglecting, shall be fined not exceeding five hundred dollars, or suspended, according to the discretion of the Commissioners.

§29. The Commissioners may make all needful rules and regulations for the government of the pilots, and establish penalties for the breach thereof, and shall prepare printed instructions for pilots, and furnish each of them with a copy of such rules, regulations and instructions, together with a copy of this Act.

§31. The following fees shall be charged by the pilots of the Port of San Francisco:

1st, For bringing in a vessel from or within a line of San Pedro, Farallones and Point de Los Reys, into the harbor, shall be eight dollars per foot draught.

2d, For bringing in a vessel beyond the above mentioned line, ten dollars per foot draught.

3d, For piloting a vessel out of the harbor, eight dollars per foot draught.

4th, Foreign vessels not entitled to equality by treaty, shall pay one-fourth more than the above rates.

5th, American or foreign men-of-war, twelve dollars per foot draught, either inward or outward bound.

§32. The pilotage from quarantine to anchorage opposite San Francisco, and for piloting vessels about the harbor, shall be at such rates as may be agreed on between the parties.

§33. Any vessel with a pilot on board, being detained more than twenty-four hours by contrary winds, bad weather or other cause not the fault of the pilot, shall pay to such pilot the sum of eight dollars per day, exclusive of his regular fees, for each day's detention, whether such vessel be inward or outward bound.

§34. The pilot first offering his services to any vessel shall be entitled to half pilotage, though his services may be rejected: Provided, that all vessels engaged in the coasting trade of this State or Oregon, not exceeding one hundred and seventy-five tons burthen, shall not be liable to the provisions of this section.

§35. Pilots blown off or carried to sea against their will when a boat is in attendance to receive them, shall be entitled to receive the sum of eight dollars per day while absent, which if not paid by the master or owners, shall be collected from the consignee or consignees, or either of them.

§36. The master, owner, or consignee of any vessel to whom any pilot may have rendered upon request of either of them, any extra service for the preservation of such vessel while in distress, shall pay such pilot in addition to his regular fees, such amount as the Commissioners shall determine to be a reasonable and just reward: Provided no special agreement shall have been made between such master, owner, or consignee of such vessel and the pilot.

§37. A pilot boarding any vessel having a signal for a pilot, shall be entitled to receive full pilotage.

§38. If a vessel bound to San Francisco be lost within the line of Point San Pedro, Farallones, and de Los Reys, having had a signal for a pilot, and been in sight of either of the above named points, and not having been able to procure a pilot, the Commissioners shall cause inquiry into the facts, when if it shall appear that the pilots have been neglecting their duty, the Commissioners shall suspend or displace the parties guilty, and shall publish the result of their investigation.

§39. The Commissioners shall have power to assess all fines and penalties either on the pilots or any other person or persons for a violation of any of the provisions of this Act, and shall have power to sue for and collect the same in their own name; the money so collected shall be appropriated to the use and benefit of the Marine Hospital, which may be established at San Francisco, and paid to such person as may be entitled by law to receive the same.

§40. The Commissioners shall be entitled to charge for such and every license to a pilot, not exceeding the sum of fifty dollars, and any master of a coasting vessel being an American citizen, can upon application to the pilot Commissioners obtain a special license for the use of such vessel only by paying unto said Commissioners for the same, at the rate of one dollar per ton, all such vessels to be under one hundred and seventy-five tons.

§41. The Commissioners shall be entitled to receive a centage, which they shall determine, upon the joint earnings of the pilots, sufficient only to pay all necessary expenses for the employment of Secretary, rent office stationery, lights and fuel, at the end of twelve months by surplus of such percentage over and above such expenses shall be held in trust and paid as prescribed in section thirty-nine of this Act.

§42. All claims against said Commissioners shall be considered at a stated meeting, and if correct, shall be allowed and paid.

§43. At the expiration of every six months the Secretary shall cause to be published in a newspaper published in San Francisco, a full account of all receipts and expenditures for the said time.

§44. When cruising off or standing out to sea, pilots shall go to the vessel nearest shore, or in the most distress, under a penalty of one hundred dollars, and for refusing to go on board a vessel when required, a like penalty of one hundred dollars shall be imposed, and in either case, upon complaint and conviction, the pilot may be suspended or expelled at the discretion of the Commissioners.

§45. Pilots shall at all times keep a boat in good condition, and sea worthy, and of sufficient capacity to cruise seaward beyond the headlands of the Harbor, also, such boarding or row boats as shall be necessary.

§46. If any pilots in endeavoring to assist or relieve any vessel in distress, shall suffer loss or damage in his boats, sails, tackle, rigging, or appurtenances, the master, owner, or consignee of such vessel, shall pay the value of such loss or damage, to be assessed by the Commissioners.

§47. Pilots heretofore appointed, or who may hereafter be appointed, shall conform to and be governed by the provisions of this act, and such quarantine laws as may hereafter be enacted.

§48. The act entitled "An act in relation to the appointment of Pilots for the different ports and harbors of California," approved January the eighth, one thousand eight hundred and fifty, so far as relates to the Port of San Francisco, be, and the same is hereby repealed.

AN ACT regulating the Quarantine of Vessels at the Port and Harbor of San Francisco.

The People of the State of California, represented in Senate and Assembly, do enact as follows.

§1. The quarantine anchorage shall be designated by buoys to be fixed under the direction of the Health Officer, and shall be as near as possible to the Marine Hospital; and every vessel subject to quarantine shall anchor within them.

§2. Every vessel in this act directed to be subject to quarantine, shall immediately on her arrival, proceed to and be anchored at the place there assigned for quarantine, and shall remain there with her officers, passengers and crew, during her quarantine, subject to the examination the Health Officer or Board of Health shall lawfully impose.

§3. All vessels arriving in the bay of San Francisco, from sea, are declared to be subject to such quarantine regulations as are prescribed in this act.

§4. All vessels subject to a regular quarantine shall, if navigated by steam, be subject only to such length of quarantine and other regulations as a majority of the Board of Health shall enjoin.

§5. The quarantine of other vessels shall be limited by the discretion of the Health Officer; but unless under special circumstances and with the sanction of the Board of Health, it shall not exceed the time requisite for a due examination of the vessel and cargo, and a compliance with the regulations of this act.

§6. It shall be the duty of the Health Officer to board every vessel immediately on her arrival, and make strict search and inquiry into the health of the crew and passengers, and into the state and condition of the vessel and cargo; and in the discharge of this duty, he may put all such questions to the persons on board as he shall judge necessary and proper to enable him to ascertain the condition of the vessel, and the quarantine to which she ought to be subjected; and the persons to whom such questions shall be put, shall, if required, answer the same under oath, which the Health Officer is hereby authorized to administer; and the Health Officer shall make a daily report to the Board of Health respecting every vessel that he shall visit, and containing all such information as may enable the Board of Health to determine what measures in respect to such vessel ought to be adopted.

§7. When the regular period of quarantine has expired, if the Health Officer judge the vessel and cargo free from infection, he or the Board of Health shall relieve the vessel from quarantine.

§8. Every vessel subject to quarantine must be designated by a quarantine flag, to be fixed in a conspicuous part of the main shrouds of the vessel, until the expiration of her quarantine.

§9. No lighter shall be employed to load or unload vessels at quarantine, but by the permission of the Health Officer, when they shall be subject to such restrictions as he may impose.

§10. No vessel subject to quarantine shall remove from the quarantine grounds without a written permit from the Health Officer.

§11. It shall be the duty of the Board of Health to provide a building, at a safe distance from the hospital buildings, on the hospital grounds, for all passengers of a vessel or vessels placed under quarantine, who are not diseased, who may choose to go on shore; and those who are unable to maintain themselves shall be provided for by the master, owner or consignee of the vessel, unless in cases where a special agreement to provide for themselves during the voyage has been entered into, in which case they shall be provided for by the Board.

§12. The cost of erecting such buildings shall not exceed twenty thousand dollars, and the weekly charge for pay patients shall not exceed twenty dollars per week; the accommodations shall be of good quality, and such as are usually provided for at boarding houses.

§13. Every master of a vessel subject to quarantine shall proceed with and anchor his vessel at the place assigned for quarantine at the time of his arrival; he shall submit his vessel, cargo and passengers to the examination of the Health Officer, and furnish all necessary information to enable that officer to determine to what length of quarantine and other regulations they ought respectively to be subjected.

§14. Every master of a vessel hailed by a pilot, who shall either give false information to such pilot relative to the condition of his vessel, crew, passengers, or cargo, or refuse to give such information as shall be lawfully required, or land any person from his vessel, or unload or tranship any portion of his cargo before his vessel shall have been visited or examined by the Health Officer; or shall approach with his vessel nearer than the place of quarantine to which he shall be directed, shall be guilty of a misdemeanor, and for each offence shall be fined in a sum not exceeding five hundred dollars; and every person who shall land from any such vessel, or unload or tranship any portion of his lading under the like circumstances, shall be considered guilty of a like offence, and be subject to the like penalty.

§15. Every person who shall willingly or knowingly oppose or obstruct the Health Officers or pilots in performing the duties required of them in this act, shall be guilty of a misdemeanor; the fine for each offence not to exceed one thousand dollars, nor the imprisonment three months.

§16. Every person who shall go on board of, or have communication or intercourse with any vessel at quarantine without the permission of the Health Officer, shall be considered guilty of a misdemeanor, and punished by fine and imprisonment; and such offender shall also be detained at quarantine so long as the Board of Health shall direct, not to exceed twenty days, unless he shall be taken sick of some pestilential or infectious disease.

§17. Whenever the Board of Health, or either of them, shall charge in writing, any pilot with any violation or neglect of duty, the Pilot Commissioners shall suspend such pilot from his office until he shall have entered into a recognizance before some magistrate of the State of California in the sum of five hundred dollars, with sufficient sureties, to appear and answer to the offence charged, at the next term of the District Court of San Francisco.

§18. It shall be the duty of each pilot belonging to the port, to use his utmost endeavors to hail each and every vessel which he shall discover to be entering the Bay of San Francisco from sea, and to demand of the master of every such vessel, whether any person has within ten days died or been sick with a malignant or contagious disease on board.

§19. If either of the above questions shall be answered in the affirmative, the pilot shall immediately give notice to the master of the vessel, that he, his vessel, crew, passengers and cargo, are subject to the examination of the Health Officer, and shall direct him to proceed and anchor his vessel at the quarantine anchorage, there to await the future directions of the Health Officer.

§20. It shall be the duty of every pilot who shall conduct into port a vessel subject to quarantine: 1st, To bring such vessel to anchorage within the buoys marking the quarantine anchorage. 2d, To prevent any vessel or boat from coming alongside of the vessel under his charge, and to prevent any thing on board from being thrown into any other vessel or boat. 3d, To present to the masters of the vessels a printed copy of this Act, when such copy shall have been delivered to him for that purpose. 4th, To take care that no violation of this Act be committed by any person on board; and to report such as may be committed as soon as may be to the Health Officer.

§21. Any vessel arriving at the port of San Francisco that has no malignant or contagious disease on board, shall not be subject to quarantine.

§22. The master, owner, or consignee of every vessel subject to regular quarantine of thirty days, shall forthwith upon the requisition and under the direction of the Health Officer, cause such vessel, her cargo and clothing to be purified; and shall cause said vessel to be fumigated with mineral acid gas, when required by the Health Officer.

§23. And when the regular period of quarantine shall have expired, if the Health Officer shall judge the vessel clean and free from infection, he shall release the vessel from quarantine, and report the same to the Board of Health, but none of the officers, passengers or crew of any such vessels shall leave the quarantine ground until ten days after the last case of pestilential or infectious fever shall have occurred on board.

§24. The Health Officer, if he shall judge it necessary to prevent infection or contagion, may cause, upon the order of the Board of Health, any bedding or clothing on board a vessel subject to quarantine, or any portion of her cargo that he may deem infected, to be destroyed.

§25. The Health Officer, upon the application of the master of any vessel under quarantine, and his consenting to pay for the maintenance of the offender whilst in custody, may direct to be confined in some suitable place on shore, any sailor or mariner on board of such vessel, who shall have committed an offence punishable by the laws of this State, or of the United States, and who cannot be properly secured for punishment on board of his vessel; such confinement shall continue during the residue of the quarantine of the offender; and the expenses of maintaining the offender shall be charged and paid in the same manner as the expenses of maintaining poor passengers.

§26. Every master of a vessel subject to quarantine, arriving within the bay of San Francisco, from sea, who shall refuse or neglect either: 1st, To proceed with and anchor his vessel at the place assigned for quarantine at the time of his arrival. 2d, To submit his vessel, cargo and passengers to the examination of the Health Officers, and to furnish all necessary information to enable that officer to determine at what length of quarantine and other regulations they ought respectively to be subject. 3d, To remain with his vessel at quarantine during the period assigned for her quarantine, and whilst at quarantine to comply with the directions and regulations of this act, and with such as any of the Officers of Health by virtue of the authority given to them by this act, shall prescribe in relation to his vessel, his cargo, himself, or his crew, shall be guilty of a misdemeanor, punishable by fine or imprisonment; the fine for each offence not to exceed one thousand dollars, nor the imprisonment twelve months.

§27. Every person who, without the authority of the Health Officer or Board of Health, shall wilfully go within the inclosure of the quarantine grounds shall be considered guilty of a misdemeanor, the fine for each offence not to exceed five hundred dollars, nor the imprisonment thirty days.

§28. Every person who shall go on board of, or have any communication, intercourse, or dealings with any vessel at quarantine, knowing the vessel to be in quarantine, without the permission of the Health Officer, shall be considered guilty of a misdemeanor, punishable by fine not less than one hundred dollars, nor more than five hundred dollars.

§29. Such offender shall also be detained at quarantine so long as the Board of Health shall direct, not exceeding ten days, unless he shall be taken sick of some pestilential or infectious disease.

§30. It shall be the duty of the Health Officer to give immediate information to the Board of Health, of every such transgression, the circumstances attending it, and the condition of the vessel with which a communication shall have been had; and the Board may determine how long the offender ought to be detained at quarantine.

§31. Every person under quarantine shall be subject to the penalty of not less than one hundred dollars nor more than two hundred and fifty dollars, who shall elope from or wilfully go beyond the bounds assigned to him for his quarantine, and it shall be the duty of every Justice of the Peace, or other magistrates, before whom any such offender shall be brought, to order him by warrant to be re-conveyed to the quarantine ground, there to remain the residue of his term of quarantine. All fines or penalties collected under the provisions of this act, shall be appropriated to the funds of the Marine Hospital.

§32. Every person who shall violate, refuse or neglect to obey or comply with any order, prohibition, or regulation, made by the Board of Health, in the exercise of the powers herein conferred, shall be considered guilty of a misdemeanor, punishable by fine at the discretion of the court by which the offender shall be tried.

§3. The Board of Health shall cause a draft of such building or buildings to be made as they may deem necessary for the Marine Hospital, which draft or plan shall be subject to the inspection of the Governor of the State, and if he approve the same, they may receive sealed proposals for the furnishing of the material, and for the erection of the same, and the contract shall be given to the lowest responsible bidder.

§4. The sums necessary to keep the buildings of the Marine Hospital in good repair, including the expenses of erecting all such buildings, and for making such improvements as the Board of Health shall deem indispensable, shall be charged as part of its annual expenses.

§5. The Health Officer shall reside at the Marine Hospital, unless otherwise directed by the Board of Health, and shall by right of office be Physician of such Hospital, give orders for the admission of patients, and have the immediate control of its inmates, and shall employ and discharge all nurses and attendants; but the Board of Health shall, in all other respects, have the superintendence thereof; make rules and orders for its government, and provide bedding, clothing, fuel, provisions, medicine, and such other articles as shall be requisite therein, and shall pay out of the funds of the Hospital all wages for said nurses and attendants, as well as all incidental expenses of said Hospital, and shall fix the compensation of said nurses and attendants.

§6. The Board of Health shall, at all times, furnish a convenient boat, with sufficient boatmen, for the use of the Health Officer and Resident Physician, the expense of which shall be charged to the funds of the Hospital.

§7. All sick sailors, mariners and other persons who shall have paid hospital money, or for whom the bond hereinafter mentioned shall have been given, shall be entitled, free of charge, to all the benefits of the said Marine Hospital, and to be there provided for while sick; and also such other persons as the authorities of the city of San Francisco may request; provided, the said authorities shall pay therefor such charges as the Board of Health may direct; and every sick person sent to the Marine Hospital, shall be there kept and attended to with all necessary and proper care: and no such person shall leave the Hospital until the Health Officer shall grant a discharge in writing.

§8. The Health Officer may direct, in writing, any constable to pursue and apprehend any person not discharged as aforesaid, who shall elope from the Hospital, and to deliver such person at the Hospital, to be there detained until regularly discharged. It shall be the duty of the constable so directed to obey such instructions; and every person who shall so elope shall be considered guilty of a misdemeanor, punishable by fine or imprisonment.

§9. All persons sent to the Marine Hospital other than those who shall have paid hospital money, who shall be provided for by the city of San Francisco, and such persons as the Board of Health shall exempt, shall pay a reasonable sum for their board, medicines and attendance; and for the recovery of such sum, the Board of Health may sue in their name of office.

§10. Within twenty-four hours after the arriving of any ship or vessel at the port or within the bay of San Francisco, and before leaving said port or bay for any other place within the limits of this State, from any of the United States other than this State, or from any country out of the United States, the master or commander of such vessel or ship on which such passengers shall have arrived, shall make a report in writing, on oath or affirmation to the Board of Health at their office in the city of San Francisco, which report shall state the name and number of all the cabin and steerage passengers, captains, mates and sailors, and also the name and residence of the owner or owners and consignee of such vessel. In case any such master or commander shall omit or neglect to report fully as aforesaid, or shall make a false report or statement, he shall forfeit the sum of five hundred dollars for every such passenger or person in regard to whom any such omission or neglect shall have occurred, or any false statement shall have been made, for which the owner or owners, or consignees of every such vessel or ship shall also be liable jointly and severally, and which may be sued for and recovered as provided in this act.

§11. It shall be the duty of the said Board of Health to require the owners or consignees of the said ship or vessel on which said persons have arrived, to give a several bond to the State in a penalty of two hundred dollars for each and every person included in such report, such bond being secured as hereinafter provided, conditioned to indemnify and save harmless the Board of Health, and each and every city, town or county in this State, from any costs which such Commissioners of Health, or such city, town or county, shall incur for the relief or support of the person named in the bond, within five years from the date of the bond; and also to indemnify and refund to the said Board of Health, city, town or county, any expense or charge they may necessarily incur for the support or medical care of the person therein. Each and every bond shall be secured by two or more sufficient sureties, being residents of the State of California; each of whom shall prove by oath or otherwise, to the satisfaction of the Board of Health, that he is owner of freehold in this State of the value of three hundred dollars over and above any claim or lien thereon against him; including therein any contingent claim which may accrue from or upon any former bond given under the provisions of this act.

§12. It shall be lawful for any owner or consignee at any time within two days after the arrival of such person or passenger in any ship or vessel at the port or within the bay of San Francisco, and before leaving said port or bay for any other place within the limits of this State, to commute for the bond or bonds so required, by paying to the Health Commissioner: 1st. For the master and each cabin passenger arriving in an American vessel from a foreign port, three dollars; for each steerage passenger, mate, sailor or marine arriving in such vessel, two dollars. 2d. For the mate and each cabin passenger arriving in an American vessel from any port in the United States, not on the Pacific, two dollars; for each steerage passenger, mate, mate sailor or marine arriving in such vessel, one dollar. 3d. For the master and each passenger arriving in a coasting vessel sailing from any American port on the Pacific, one dollar and fifty cents; but no such coasting vessel shall pay for more than one voyage in each month, computing from the first voyage in each year. 4th. For the master and each cabin passenger arriving in a foreign vessel from a foreign port, five dollars; but the owners or consignees of such foreign vessels as have been placed by treaty with the United States on an equality with American vessels, shall be placed upon the same footing in regard to commutation as is herein established for American vessels. The Health Commissioner shall give to such owner or consignee as shall pay the commutation aforesaid, a receipt containing all the names of the persons for whom such commutation shall have been paid; and shall also give to each individual for whom such commutation shall have been paid, a certificate or receipt, setting forth the fact that such commutation has been paid, and that the person described therein shall be entitled when sick to the benefit of the Marine Hospital.

The receipt of the Health Commissioner shall be deemed a full and sufficient discharge from the requirements of giving bonds as above provided.

§13 Each master, owner, or consignee paying "Hospital Money" shall be entitled to demand and recover from each person for whom they shall have paid the sum paid on his account.

§14. All monies received by the Health Commissioner under and by virtue of this act, shall be denominated "State Hospital Moneys," and shall be appropriated to the use of the Marine Hospital, except as herein otherwise provided, deducting to the Health Commissioner a commission of six per cent. for and upon all collections: Provided the percentage shall not exceed two thousand five hundred dollars for any one quarter.

§15. No clergyman shall be denied admission to the Hospital, or its patients, whenever application shall be made, or whenever such visit shall be desired by any patient therein. It shall also be the duty of the officers to provide clergymen with a boat for the purpose of performing such visits.

§16. The Board of Health shall keep an account of all unreclaimed effects of persons who shall have died at the Hospital, and shall, in their quarterly reports, report the same to the Comptroller; and if the same shall consist of money, they shall pay the same over to the Treasurer, to be considered a part of the State Hospital Fund, unless claimed by some person entitled thereto; and all other property of said deceased persons shall, after being unreclaimed for a reasonable time, be sold by the Commissioner of Health, and the proceeds disposed of in like manner.

§17. It shall be the duty of the Board of Health to furnish to the Governor of this State, as often as he may require, a full and correct report of all persons in the said hospital affected with any contagious or infectious disease, and of all such patients as may die or be discharged as cured. And the Board of Health shall, once in each year, publish a full and correct report of the number of persons received in said hospital for each month in the year, and of their disease; also, of the number discharged as cured, and of the deaths occurring therein, and from what cause; also, of all moneys received and expended, and for what purpose the same were so expended; and shall send a copy of such annual report to the Executive of State, on or before the fifteenth day of December, of each year; and the said Board of Health shall keep or cause to be kept books containing a full and correct record and account of all the affairs of the said Marine Hospital, and which shall at all times be open to inspection to any committee appointed for such purpose by the Legislature. For the expenses attendant thereon, as well as for all other expenses necessarily incurred by virtue of this act, the Board of Health shall have the right to draw upon the funds of the hospital.

§18. The Board of Health shall keep an office in the city of San Francisco, and be authorized to pay therefor out of the funds of the Marine Hospital, an annual rent not exceeding one thousand two hundred dollars, and shall keep the same open for the transaction of business between the hours of ten o'clock, A. M., and three o'clock, P. M., daily; and at said office there shall be kept an iron fire-proof chest, in which all moneys received by the Health Commissioner under this Act, shall be securely kept, and the said Health Commissioner shall once in each week make a full and complete report to the Board of Health of all moneys received or expended by him, for and on account of the said Hospital; and shall at the same time pay over to the Board of Health the balance remaining in his hands. It shall be the duty of the Health Commissioner to pay to the Health Officer of any State or City Hospital, for any person who may have been under their care entitled to the benefits of the Marine Hospital, at the same rate per week as is charged for pay patients in said Marine Hospital; but no moneys of or belonging to the said Marine Hospital shall be paid out, except by said Health Commissioner, and the account for which the same is paid out shall be first approved by a majority of the Board of Health.

§19. The Board of Health shall account quarterly to the Comptroller, under oath, for all moneys received and expended for and on account of the Marine Hospital; and if the moneys so received shall exceed the sum necessary to defray the expenses of their trust, including the fees or salaries to which they may be entitled, they shall pay over such surplus, quarterly, to the treasurer of the State, to be by him kept as a State Hospital Fund; and the said Board of Health by that name are hereby empowered to sue for and recover any moneys that may be due the Marine Hospital; and also all penalties and forfeitures provided in this act; and the same when recovered shall constitute a part of the fund of the Marine Hospital; and all moneys paid over by the said Board of Health to the Treasurer of this State as herein required, shall be accompanied by a statement, verified by the oath of one or more of said Board of Health, to the effect that they are the same particular moneys as shall have been received by them.
